

# THE SARASOTA INSTITUTE

• A 21<sup>ST</sup> CENTURY THINK TANK •

## WE ARE PROUD AND EXCITED TO BRING OUR FIRST YEAR OF SYMPOSIUMS TO SARASOTA—BRADENTON IN 2020

The Sarasota Institute is a 21st Century think tank that is looking at the biggest challenges facing the Gulf Coast, America and the world in this century.

In response to numerous requests, we have created a Sarasota Institute Membership level that provides entrance to every symposium and event The Institute produces for 2020. In addition, membership guarantees preferential seating, and access to the password protected content of the web site. Non-members can only access the public content that is emailed on a regular basis.

We have decided to limit the number of memberships. Once we reach the limit we will close membership for 2020.

We commit that those who take advantage of low first year pricing will have the opportunity to renew at the same price level for 2021.

[info@sarasotainstitute.global](mailto:info@sarasotainstitute.global)

The Sarasota Institute was founded by  
Phil Kotler, David Houle and Jason Apollo Voss in 2017

Please (re)use this as a bookmark.  
We at the Institute encourage the reading of books.

# HOW TO BECOME A MEMBER

Visit [sarasotainstitute.global/memberships](https://sarasotainstitute.global/memberships)

Click on a SIGN UP button

Follow the prompts

**You will have the greatest savings and the most benefits if you are a member and not just attending a single event.** The first four symposiums below are \$125 each per person, so a \$250 membership means a 50% savings if one attends these first four symposiums. We will have additional events in 2020 that will also be for members.

## MEMBERSHIP BENEFITS

- Substantial cost savings on tickets
- Guaranteed and preferred seating
- Access to all whitepapers and videos from symposiums
- Sign up by 12/31/19 to lock in pricing for 2021
